Sistema 84 con anta Frame

Il sistema 84 propone l'anta Frame laccata con profilo perimetrale minimale, spessore totale dell'anta 22 mm. La finitura laccata viene esaltata dalla cornice che conferisce grande rigore nella geometria essenziale. La tridimensionalità, nei giochi di luce e ombra, rende l'anta molto preziosa.

Telaio minimale 8 mm
Minimal frame 8 mm
Cadre minimal 8 mm

Vapore	Bianco nuvola	Bianco assoluto	Bianco burro	Bianco fumo

Ral

Struttura di base

La struttura della cucina passa dalla profondità standard di 60 cm a ben 65 cm. Tale soluzione aumenta la capienza complessiva della base e la profondità del piano, quindi la superficie lavoro. Questa soluzione unita allo zoccolo da 6 cm e la struttura H 84 cm ridefinisce i volumi in cucina.
